

EDIKIO ACCESS

THE AFFORDABLE SOLUTION TO PRINT YOUR PRICE TAGS ON PLASTIC CARDS

Edikio Access is an all-in-one solution to print great-looking price tags on plastic cards. It is ideal for printing monochrome, single-sided tags in low volumes.

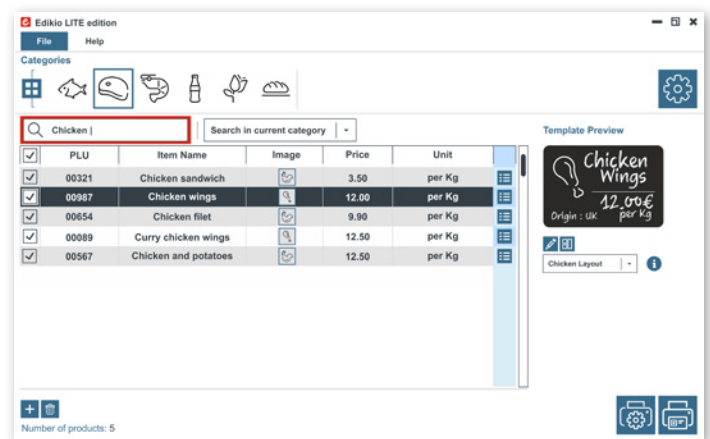

Made for little-experienced users, Edikio Access includes everything needed to update and print price tags in a few minutes:

- The Edikio software dedicated for your activity and customizable to your store needs
- A very compact printer for a minimal footprint in your store
- Consumables dedicated for use in the food industry*:
 - 100 black CR80 cards (credit-card format)
 - White ribbon for up to 500 prints

SOFTWARE FOR BEGINNERS

Part of the Edikio Access solution, the Edikio Software Lite Edition is an indispensable component of your price tag solution:

- Includes a library of over 350 images, sample item lists and tag layouts for your retail
- Allows to sort your products by categories
- Importation of your item list from an Excel file, or creation of a new item list directly within the software
- Dynamic preview of your tags before printing
- Exclusive Edikio Chalk font
- A powerful search tool (search for a PLU, a keyword...)
- Also includes a very basic mode allowing you to edit your tags one-by-one, without using any database

Edikio Printer Suite driver:

- On top of the Edikio Software, the included Windows printer driver brings extra value with visual notifications if the user's attention is required (in case of low remaining capacity of consumables for instance).

Ideal for small retails, such as:

Bakers, Butchers,
Pastry chefs, Chocolate
sellers, Cheesemongers,
Fishmongers, Caterers,
Wine merchants...
